Conditions of Sale

- A. All assessments, including improvement assessments which are available for payment without interest or penalty for advance payment, taxes, rent, and ground rent, if any, shall be prorated as of the closing date.
- B. Seller makes no representations or warranties concerning the condition of the property, including but not limited to mechanical systems, dry basement, foundation, structural, or compliance with code, zoning or building requirements and will make no repairs to the property after execution of this contract. Purchaser understands that regardless of whether the property is being financed with an FHA-insured mortgage, Seller does not guarantee or warrant that the property is free of visible or hidden structural defects, termite damage, lead-based paint, or any other condition that may render the property uninhabitable or otherwise unusable. Purchaser acknowledges responsibility for taking such action as it believes necessary to satisfy itself that the property is in a condition acceptable to it, of laws, regulations and ordinances affecting the property, and agrees to accept the property in the condition existing on the date of this contract. It is important for Purchaser to have a home inspection performed on the property in order to identify any possible defects. If FHA insured financing is used, up to \$200 of the cost to perform the inspection may be financed into the mortgage. Names of home inspection companies can be found in the yellow pages of your telephone directory under the heading "Home Inspection Services."**
- C. If financing is involved in this transaction (Item 4), Purchaser agrees that should he/she/it fail to provide documentation indicating that proper loan application was made in good faith within 10 calendar days of the date this contract was accepted by Seller, and/or thereafter otherwise to put forth good faith efforts to obtain necessary financing, Seller shall have the option of rescinding this contract and retaining all or a portion of Purchaser's earnest money deposit.
- D. Seller may rescind this contract and return all or a portion of Purchaser's earnest money deposit under the following conditions:
1. Seller has not acquired the property.
 2. Seller is unable or unwilling to remove valid objections to the title prior to closing.
 3. Seller determines that purchaser is not an acceptable borrower.
- Tender of the deposit shall release the Seller from any and all claims arising from this transaction.
- E. Purchaser may not perform repairs nor take possession of the property until sale is closed. Risk of loss or damage is assumed by Seller until sale is closed, unless Purchaser takes possession of the property prior thereto, in which case State law shall apply. (1) If sale involves FHA insured financing and after damage the property no longer meets the intent of Minimum Property Standards (MPS), Seller may, at its option, perform repairs or cancel the contract and return Purchaser's full earnest money deposit. If, after damage, the property still meets the intent of MPS, Purchaser has the option of accepting the property as-is, with a purchase price adjustment at Seller's sole discretion, or cancelling the contract and receiving refund of full earnest money deposit. (2) If sale does not involve FHA insured financing, Seller will not repair damage but may, at Seller's sole discretion, reduce the sale price. Purchaser has option to cancel the contract and receive refund of full earnest money deposit. Tender of the earnest money shall release Seller from any claims arising from this transaction.
- F. If this property is being offered with FHA insured mortgage financing available, Seller's acceptance of this contract constitutes a commitment to insure, conditioned upon Purchaser being determined by Seller or Direct Endorsement Underwriter to be an acceptable borrower and further conditioned upon Seller's authority to insure the mortgage at the time the sale is closed.
- G. Purchaser understands that Seller's listing price is Seller's estimate of current fair market value.**
- H. No member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit.
- I. Purchaser and Seller agree that this contract shall be binding upon their respective heirs, executors, administrators, successors or assigns but is assignable only by written consent of the Seller.
- J. If this property was constructed prior to 1978, Seller has inspected for defective paint surfaces (defined as cracking, scaling, chipping, peeling or loose paint on all interior and exterior surfaces). Seller's inspection found no defective paint surfaces, or if defective paint surfaces were found, Seller has treated or will treat such defective surfaces in a manner prescribed by Seller prior to closing. **Purchaser understands and agrees that the Seller's inspection and/or treatment is not intended to, nor does it guarantee or warrant that all lead-based paint and all potential lead-based paint hazards have been eliminated from this property.** Purchaser acknowledges that he/she/it has received a copy of a pamphlet which discusses lead-based paint hazards and has signed, on or before the date of this contract, the Lead-Based Paint Addendum to Sales Contract - Property Built Before 1978. Purchaser understands that the Lead-Based Paint Addendum must be signed by all Purchasers and forwarded to Seller *with* this contract. Contracts which are not in conformance with these requirements will not be accepted by Seller.
- K. The effective date of this contract is the date it is accepted (signed) by the Seller.
- L. If the amount stated in Item 5 exceeds actual and typical financing and/or closing costs, such excess shall not be paid by Seller and may not be used by Purchaser to reduce amount(s) due Seller.
- M. Seller's policies and requirements with regard to earnest money (including forfeiture thereof), extensions of time in which to close the sale, back-up offers, and allowable financing and/or closing costs are detailed in instructions issued to selling brokers.
- N. Seller makes no representations or guarantees that the property will, in the future, be eligible for FHA insured mortgage financing, regardless of its condition or the repairs which may be made.
- O. Warning: Falsifying information on this or any other form of the Department of Housing and Urban Development is felony. It is punishable by a fine not to exceed \$250,000 and/or a prison sentence of not more than two years. (18 U.S.C. 1010, 3559; 3571)**

For Your Protection: Get a Home Inspection

Why a Buyer Needs a Home Inspection

A home inspection gives the buyer more detailed information about the overall condition of the home prior to purchase. In a home inspection, a qualified inspector takes an in-depth, unbiased look at your potential new home to:

- Evaluate the physical condition: structure, construction, and mechanical systems;
- Identify items that need to be repaired or replaced; and
- Estimate the remaining useful life of the major systems, equipment, structure, and finishes.

Appraisals are Different from Home Inspections

An appraisal is different from a home inspection. Appraisals are for lenders; home inspections are for buyers. An appraisal is required to:

- Estimate the market value of a house;
- Make sure that the house meets FHA minimum property standards/requirements; and
- Make sure that the property is marketable.

FHA Does Not Guarantee the Value or Condition of your Potential New Home

If you find problems with your new home after closing, FHA can not give or lend you money for repairs, and FHA can not buy the home back from you. That is why it is so important for you, the buyer, to get an independent home inspection. Ask a qualified home inspector to inspect your potential new home and give you the information you need to make a wise decision.

Radon Gas Testing

The United States Environmental Protection Agency and the Surgeon General of the United States have recommended that all houses should be tested for radon. For more information on radon testing, call the toll-free National Radon Information Line at 1-800-SOS-Radon or 1-800-767-7236. As with a home inspection, if you decide to test for radon, you may do so before signing your contract, or you may do so after signing the contract as long as your contract states the sale of the home depends on your satisfaction with the results of the radon test.

Be an Informed Buyer

It is your responsibility to be an informed buyer. Be sure that what you buy is satisfactory in every respect. You have the right to carefully examine your potential new home with a qualified home inspector. You may arrange to do so before signing your contract, or may do so after signing the contract as long as your contract states that the sale of the home depends on the inspection.

Uninsured Sales: 100% of the deposit will be forfeited to HUD for failure to close regardless of the reason.

Insured Sales: 50% of the deposit will be forfeited to HUD for failure to close if the purchaser is determined by HUD to be an unacceptable buyer.

100% of the deposit will be forfeited to HUD if the sale fails to close for any other reason.

Owner-Occupant Purchasers**Return 100% of the deposit when:**

- There has been a death in the immediate family (purchaser, spouse or children living in the same household).
- There has been a recent serious illness in the immediate family that has resulted in significant medical expenses or substantial loss of income, thus adversely, affecting the purchaser's financial ability to close the sale.
- There has been a loss of job by one of the primary breadwinners, or a substantial loss of income through no fault of the purchaser.
- For an FHA insured sale, HUD (or a D.E. underwriter) determines that the purchaser is not an acceptable borrower.
- For an uninsured sale, the purchaser was pre-approved for mortgage financing in an appropriate amount by a recognized lender and, despite good faith efforts, is unable to obtain mortgage financing. "Pre-approved" means a commitment has been obtained from a recognized mortgage lender for mortgage financing in a specified dollar amount sufficient to purchase the property.
- There is other equally good cause, as determined by Ofori, in keeping with the spirit and intent of the above policy.

Return 50% of the deposit when:

For an uninsured sale, despite good faith efforts by the purchaser, there is an inability to obtain a mortgage loan from a recognized mortgage lender.

Forfeit 100% of the deposit when:

- No documentation is submitted.
- Documentation fails to provide an acceptable cause for the buyer's failure to close.
- Documentation is not provided within a reasonable time following contract cancellation.

Vacant Lot Sales: The purchaser is considered to be an investor and instructions pertaining to investors will apply.

Closing Costs:

HUD will pay certain Closing Costs up to 3% of the purchase price, IF the closing costs are included in the bid and inserted on line 5 of the Sales Contract.

Upon closing of a HUD-owned single-family property, the Department will allow to be deducted from its proceeds, purchaser financing and closing costs considered to be reasonable and customary in the jurisdiction where the property is located. Form-HUD-9548 (Sales Contract – Property Disposition Program), shall be used to reflect the total dollar amount HUD is expected to pay towards a purchaser's financing and closing costs. However, in no event may the costs exceed three percent (3%) of the property's gross purchase price. If the total closing costs reflected on the HUD 1 settlement statement are less than the amount indicated on the sales contract, HUD will reimburse only the actual costs charged and will not credit the purchaser with any difference either in cash or through a reduced purchase price.

HUD will pay the lesser of the amount requested in Line 5 or the actual costs of the items specified. Any funds remaining after the allowable closing costs have been paid will not be credited to the purchaser(s) at sales closing.

Property Condition:

HUD makes no representations or warranties concerning the condition of the property, including but not limited to mechanical systems, dry basement, foundation, structural, or compliance with code, zoning or building requirements and will make no repairs to the property after execution of the Sales Contract. All HUD homes are sold "As Is." As a result, Purchaser acknowledges that Purchaser is responsible for ensuring that the property, in its current condition, is acceptable to Purchaser. Seller will provide no

warranty after acceptance of the Sales Contract.

Purchaser understands that regardless of whether the property is being financed with an FHA insured mortgage, Seller does not guarantee or warrant that the property is free of visible or hidden structural defects, termite damage, lead-based paint, or any other condition that may render the property uninhabitable or otherwise unusable.

It is Purchaser's responsibility to be an informed buyer. Purchaser has the right to carefully examine the potential new home with a qualified home inspector. Purchaser has fifteen (15) calendar days from the day of HUD's acceptance of the Sales Contract to complete the inspection. Failure to comply with this timeframe may forfeit Purchaser's right to an inspection with utilities activated. Utilities must be activated in Purchaser's name and may not remain activated for more than two (2) days. Regardless of the test results, Purchaser understands fully that neither HUD nor Ofori & Associates, PC will be responsible for costs associated with, nor perform any repairs to the property.

A home inspection provides the buyer more detailed information about the condition of the home prior to purchase. In a home inspection, a qualified inspector takes an in-depth, unbiased look at a potential new home to:

- Evaluate the physical condition (i.e., structure, construction, and mechanical systems)
- Identify items that need to be repaired or replaced
- Estimate the remaining useful life of the major systems, equipment, structure and finishes

If the inspection discloses a major defect, the following provisions will apply:

Insured Sales:

- a) Purchaser may close the sale as scheduled without Seller performing repairs nor a price reduction or,
- b) Purchaser may request termination of the contract with a full refund of the earnest money, provided that the Seller is furnished a copy of the inspection report and that the Seller concurs with the findings of the inspection report. As a condition to having the contract terminated and the earnest money deposit refunded, Purchaser agrees to have the test completed and to provide a written rejection, with the appropriate documentation to Ofori & Associates, PC within fifteen (15) calendar days from the date the Sales Contract was signed by Ofori & Associates, PC; otherwise the Seller will assume that the inspection was satisfactory and Purchaser will proceed to closing. The cancellation contingency is limited to roof, foundation, defective components within the mechanical systems (electrical, plumbing, and heating). Defective kitchen appliances, window air conditioner units, light fixtures, receptacles and switch plate covers, as well as leaky faucets, missing showerheads and other similar defects are not considered in the mechanical systems nor is equipment age or energy efficiency ratings.

Uninsured Sales: No repairs will be authorized. The inspection will not be a basis for canceling the sale. The same provisions, as listed above, will also apply if any of the utilities cannot be turned on due to code violations, known defects, utility company policy or if the inspection cannot be completed as the result of a major component defect.

Home Inspection:

If FHA insured financing is used, the cost of the inspection, up to the maximum amount allowed by HUD, may be financed into the mortgage or included as part of the financing/closing costs figure stated on Line 5 of the sales contract.

If problems are discovered with the home after closing, FHA cannot give or lend money for repairs, and FHA cannot buy the home back. Purchaser understands the importance of obtaining a home inspection. Purchaser also understands that FHA will not perform a home inspection or guarantee the price or condition of the property.

_____ **Purchaser chooses to have a home inspection.**

_____ **Purchaser chooses not to have a home inspection.**

Purchaser also understands fully and hereby agree to bear all expenses associated with the testing of the systems, including inspections required by local municipalities or utility service providers, repair of damage and re-winterization of the property.

Acknowledgements:

Purchaser acknowledges that the keys to the Property have been available to the public. It is recommended that the Purchaser have the locks re-keyed immediately after closing. Seller and its agents are not responsible for the new owner's personal property if the Purchaser chooses not to re-key the locks.

Purchaser has read and understands this Addendum. By signing this Addendum, Purchaser acknowledges and agrees with all its contents.
